House Appropriations Request FY 2011

Project Name: Carolina College Advising Corp
Recipient: University of North Carolina at Chapel Hill
Recipient Address: Jackson Hall
Campus Box 2200
Recipient City: Chapel Hill
Recipient State: NC
Recipient Zip: 27599

Amount of Request: \$520,000

Explanation of the request (must include purpose and why it is a valuable use of taxpayer funds):

The Carolina College Advising Corp places young, enthusiastic, well-trained college graduates in low-income high schools across the state as advisers. Working in partnership with existing staff these advisers work with students, regardless of their circumstances, giving them the advice, support and encouragement they need to find their way to the right college. Their main focus is to expand the range of colleges and universities to which students apply and enroll and help to foster a college-going culture within the school. Student's enrollment in higher education is the first step to increasing their lifetime earnings. Even a small increase in college-going rates would represent a significant return on investment for the state of NC.

In order to offer more opportunity for public scrutiny, I have posted information on each project request submitted to the Appropriations Committee at the time the request was made.
